Dear Sir:

Technology Center 2100

The Applicants request that the Filing Receipt be corrected to more accurately reflect the serial number of the parent application, namely 09/157,470. The applicant notes the error may have originated from a typographical error in the transmittal letter, which identified the parent application having a serial number, which corresponds to the erroneous serial number in the filing receipt.

It is further noted that the correctly identified parent application, 09/157,470, has not been abandoned, but is pending issuance, the issue fee for the parent application having been paid on April 16, 2001. The applicant has not yet received any further identifying information related to the application and the pending issuance.

Please find enclosed a copy of the Filing Receipt dated June 15, 2001, with the corrections noted in blue.

In the event a fee is deemed to be necessary, in connection with the requested correction, the

Commissioner is authorized to charge or credit the appropriate related fee to our Deposit Account 04-1644.

Respectfully submitted,

By: Jawrence J. Chapa, Reg. No. 39,135
